

COMPLIANT PROTECTION IS OUR SPECIALTY.

SIMPLY A MATTER OF CHOICE

Choose the convenient packaging that best meets your requirements.

Below: A B-26+ SideShield successfully deflecting a 1/4 inch steel ball at 150 fps (102 mph) during testing.

The patented SafetyWing™ distributes impact evenly over the entire wing surface and Surrounds the exposed eye orbit area to maximize protective coverage.

B26+ Wing Mate
