

Have You Done Enough?

LET US HELP. COMPLIANT PROTECTION IS OUR SPECIALTY.

The patented SafetyWing™ distributes impact evenly over the entire wing surface.

Surrounds the exposed eye orbit area to maximize protective coverage.

THE ONLY COMPLIANT UNIVERSAL SIDESHIELD YOU WILL EVER NEED AND WANT.

Over ten million workers every day benefit from the recognized SOS SideWear® protection. Design continually improved and engineered to meet or exceed current and future standards. Features so unique that four patents have been granted by the U.S. Patent Office.

The SafetyWing™ mitigates cuts and fractures of the eye orbit facial structure. Comfort Cushions supply customized facial conformity, blocking foreign debris. SOS SIDEWEAR® shields easily adjusted to fit small, medium and large frames.

B-26*, B-27*, B-52* & B-53* comply with
OSHA 29CFR1910.133 and ANSI Z87.1
- Revised August, 2003

B26* Wing Mate
